INTERNSHIP

Intern, Koshal Ceramics Private Limited,

May 2023- July

Location: Vedanta Road, Sarbahal, Jharsuguda, Odisha 768201

It is a leading producer of High Grade Refractory products for high-temperature applications that serves a wide range of Industries.

Responsible for management and planning of raw material as per the orders received. Kept a record of incoming orders and calculated costs for raw materials and additional supplies. Ensured everything stayed organized and within budget.

Intern, Fortis Chemicals Private Limited,

Jun 2022-July

Location: DLF Cyber city, Chandaka Industrial estate, Patia, Bhubaneswar, 751024

Fortis Chemicals manufactures a variety of chemical products, serving industries such as textiles, pharmaceuticals, and construction, while emphasizing quality and innovation.

Made rounds in the factory to monitor production processes, identify issues and report them to the supervisor.

Conducted quality checks on chemicals and ensured compliance with pH standards. Maintained the overall product quality.

RESEARCH AND PROJECTS

How Banks Determine Loans for Companies

May 2024

- Conducted interviews with Axis Bank managers to understand the loan process for companies.
- Researched basic criteria for loan eligibility, types of loans available (cash credit, overdraft, term loans, CGTMSE loans), and required documentation (financial documents, KYC, property ownership).
- Analyzed maximum loan amounts based on company type and department, focusing on collateral-based and FD-OD schemes for private limited companies like Fortis Chemicals.

Measuring Air Pollution in Jharsuguda

June 2024

- Conducted a research project on particulate matter (PM) levels in an industrial area of Jharsuguda.
- Visited various locations in the town and collected samples to assess environmental impact.
- Utilized specialized equipment to measure pollution levels and compared them to PM levels in city areas.
- Donated special filter to help reduce the pollution in the areas.
